

CONTOUR SERIES

"THE CONTORTIONIST"

Product Spotlight

An ergonomically designed, 24/7 mission-critical console, the Contour workstation enhances productivity with adaptability for future needs.

Contour, commonly specified for 9-1-1 dispatch and call centers, is designed to address team configurations, adjustable workstations, CPU storage, and high-density screen arrays.

With a lifespan of 20 plus years, Contour's longevity provides you the optimal return on investment and overall best value. Contour will allow you to reconfigure or add on at any time.

Features

- Flexible Configurations
- 24/7 Environments
