

Healthcare Solutions

Let our experts help you!

SPECIALIZED MEDICAL STORAGE

Pharmaceuticals & surgical tools need to be sterile & stored securely. We can help you protect your most valuable equipment & inventory!

OPERATING ROOMS

From operating room cabinets to nursing stations, from carts to shelving, fixed or mobile, we have storage solutions for your operating rooms, labs, & sterile supply.

PERSONAL PROTECTIVE EQUIPMENT

We have all your PPE solutions, from protective shields for counters & desks to mobile stations to keep your patients and staff safe!

For more than 46 years, International Systems Dealers (ISDA) Members have been providing facilities with tailored storage & productivity solutions that you can trust.

Shelving

SHELVING FINISHES

Chrome, stainless steel, powder coating, antimicrobial, & Nexelon finishes available.

ADAPTABLE

Adjustable storage compartments boost the efficiency of material management, personnel, and nursing staff while allowing you to store more in the same space!

TEMPERATURE CONTROL

Medical-grade cold storage systems – refrigerated, frozen, or both – provide continuous temperature monitoring and data logs to ensure compliance with regulatory standards when storing tissue samples, vaccines, pathogens, pharmaceuticals, and more in your facility.

Mobile Shelving with Top Track

Compact Shelving System

Refrigerated Storage System

Refrigerated Locker

Keep it COOL!

Carts

CARTS

ISDA provides a wide range of high-quality affordable carts, some are modular and customizable, for procedural, storage, anesthesia, medication, isolation & emergency applications.

Benefits of our wire carts are strength, ease of use, and visibility of stored goods.

Many combinations can be made to fit your space and needs to improve efficiency.

STATIONS

Mobile and available with color-coded labeling options.

No-touch sterile pack stations available. Only the shelf is touched until the pack is needed, reducing risk of contamination.

PPE hygiene stations – with or without wheels – now available!

Wire

We offer *both*
Single and
Double-Sided
Units!

Specialty

Bedlifts

Maximize your existing space – with more beds!

BEDLIFTS

Save valuable floor space and prevent fire hazards by storing hospital beds in vertical stacks – all of which can be controlled by a single individual with the push of a button!

No more beds in the hallways blocking access and taking up space when not in use.

SMALL TO LARGE SCALE: LET'S GO!

Whether you need to store a few beds or many, we've got you covered with a compact vertical solution.

Need to store *even more* beds? We can construct or retrofit a multi-floor bedlift storage system tailored to your facilities' needs.

Need to store EVEN MORE?

Build up to 60+ feet high!

Specialty Storage

O.R. CABINETS

The ISO Modular Systems allows your hospital & nursing staff to store, handle & move all medications, equipment, and medical devices from the sterile supply or central pharmacy to the floor ward or operating room(s) and finally to the patient's bedside with reduced handling.

ISO Modular Systems

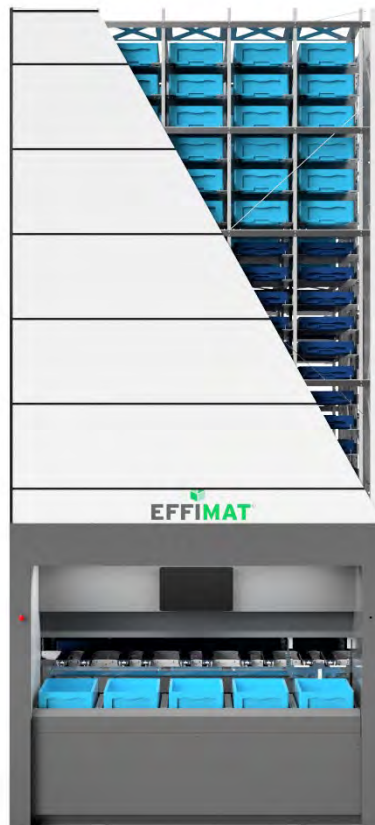

CSPS Systems

SURGICAL STORAGE

Stainless steel CSPS Systems ensure your sterile supplies are not compromised, reducing re-sterilization and down time. Reconfiguration is a breeze, no tools required.

GO VERTICAL WITH ASRS

Storing and picking of items – from medications to surgical tools – has never been so easy. These small footprint vertical lifts increase storage and accessibility while decreasing handling and wasted space!

Vertical Lifts

Vertical Carousels

Secure Storage

PHARMACY

Control the storage and administration of pharmaceuticals while preventing burglary and internal theft!
